

Achieve your Level 3 Certificate in Principles of End-of-Life Care

Fu+ures
FOR YOU

Each year it is estimated that **56.8 million people need end-of-life care.**

If you work in a healthcare setting or have a general interest in end-of-life care, our Level 3 certificate is designed to improve your knowledge and understanding of the processes when caring for individuals who have a life-limiting illness.

With this qualification, you will explore the common questions and themes of end-of-life care, alongside a range of approaches to support the social and emotional needs of both patients and their loved ones.

If you are looking to begin or develop a career in health and social care, this course is designed to equip you with the information and skills needed.

What does the course cover?

The Level 3 certificate in principles of end-of-life care is split into six mandatory units, allowing you to learn at your own pace and ensure you have a full understanding of everything covered. Each unit covers a key area of knowledge, including:

Unit One: Understanding End-of-Life Care

Unit Two: Communication During End-of-Life Care

Unit Three: Principles Of Communication and Interaction in Dementia Care and Support

Unit Four: Assessment and Care Planning in End-of-Life Care

Unit Five: Person-Centred Approaches to End-of-Life Care

Unit Six: Care During the Final Hours of Life and Bereavement Care
