

Achieve your Level 2 Certificate in Understanding Autism

Futures
FOR YOU

In the UK there are over 700,000 people on the autism spectrum.

Whether you work in an education or healthcare setting, or have a general interest in understanding more about autism, gaining a Level 2 Certificate in Understanding Autism will help you to adopt a positive approach to supporting individuals who are affected.

With this qualification, you will develop knowledge of autism and how to support those living with autism with their communication, social interactions, and transitions. Alongside understanding the vulnerability of adults with autism, you will also learn about the roles and responsibilities needed to ensure that individuals are correctly safeguarded.

If you are looking to begin or develop your career working with individuals with autism, this course is designed to equip you with the information and skills needed.

What does the course cover?

- Introduction to autism
- Using a person-centred approach to support individuals with autism
- Communication and social interaction in individuals with autism
- Sensory processing, perception and cognition in individuals with autism
- Supporting positive behaviour in individuals with autism
- Supporting individuals with autism to live healthy and fulfilled lives
