

Achieve your Level 3 Certificate in Understanding Autism

In the UK there are over 700,000 people on the autism spectrum.

Whether you work in an education or healthcare setting or have a general interest in understanding more about autism, gaining a Level 3 Certificate in Understanding Autism will help you to adopt a positive approach to supporting individuals who are affected.

With this qualification, you will develop in-depth knowledge of autism and how to support those living with autism with their communication, social interactions, and transitions. Alongside understanding the vulnerability of adults with autism, you will also learn about the roles and responsibilities needed to ensure that individuals are correctly safeguarded.

If you are looking to begin or develop your career working with individuals with autism, this course is designed to equip you with the information and skills needed.

What does the course cover?

The Level 3 Understanding Autism certificate is split into six mandatory units, allowing you to learn at your own pace and ensure you have a full understanding of everything covered. Each unit covers a key area of knowledge, including:

Unit One: Autism In Context

Unit Two: Positive Behavioural Support for Individuals with Autism

Unit Three: Understand Support and Management of Transitions for Individuals with Autism

Unit Four: Therapeutic Interventions and Support Available for Individuals with Autism and Co-occurring Conditions

Unit Five: Communication and Social Interaction with Individuals with Autism

Unit Six: Safeguarding and Resilience in Autism
